REA's Crash Course® for the AP® World History Exam - Gets You a Higher Advanced Placement® Score in Less Time 2nd Edition - Updated for the 2017 Exam Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for your Advanced Placement® World History exam yet? How will you memorize everything you need to know before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score? If this sounds like you, don't panic. REA's Crash Course for AP® World History is just what you need. Our Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know Written by an AP® World History teacher, the targeted review chapters prepare students for the test by only focusing on the important topics and themes tested on the new 2017 AP® World History exam. The easy-to-read review chapters in outline format cover everything AP® students need to know for the exam: The Ancient Near East, The Middle Ages, Early Modern Europe, Asia, World War I & II, The Cold War, and more. The author also includes must-know key terms all AP® students should know before test day. Expert Test-taking Strategies Our experienced AP® World History teacher shares detailed question-level strategies and explains the best way to answer the multiple-choice and essay questions you'll encounter on test day. By following our expert tips and advice, you can boost your overall point score! Take REA's FREE Practice Exam After studying the material in the Crash Course, go to the online REA Study Center and test what you've learned. Our free practice exam features timed testing, detailed explanations of answers, and automatic scoring analysis. The exam is balanced to include every topic and type of question found on the actual AP® exam, so you know you're studying the smart way. Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exams - this is the study guide every AP® World History student must have. When it's crucial crunch time and your Advanced Placement® exam is just around the corner, you need REA's Crash Course for AP® World History!

The Condition of the Working-Class in England in 1844 University of Chicago Press

In this brilliantly illuminating group portrait of the men who came to be known as the Founding Fathers, the incomparable Gordon Wood has written a book that seriously asks, "What made these men great?" and shows us, among many other things, just how much character did in fact matter. The life of each—Washington, Adams, Jefferson, Franklin, Hamilton, Madison, Paine—is presented individually as well as collectively, but the thread that binds these portraits together is the idea of character as a lived reality. They were members of the first generation in history that was self-consciously self-made men who understood that the arc of lives, as of nations, is one of moral progress.

Washington's Farewell Address to the People of the United States, 1796 Airiti Press

This practical resource shows you how to apply Sam Wineburgs highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

Common Sense Hackett Publishing

"In this clearly written volume, Hawke provides enlightening and colorful descriptions of early Colonial Americans and debunks many widely held assumptions about 17th century settlers."--Publishers Weekly

Peterson's AP European History Oxford University Press

The Hellenistic era witnessed the overlap of antiquity's two great Western civilizations, the Greek and the Roman. This was the epoch of Alexander's vast expansion of the Greco-Macedonian world, the rise and fall of his successors' major dynasties in Egypt and Asia, and, ultimately, the establishment of Rome as the first Mediterranean superpower. The Hellenistic Age chronicles the years 336 to 30 BCE, from the days of Philip and Alexander of Macedon to the death of Cleopatra and the final triumph of Caesar's heir, the young Augustus. Peter Green's remarkably far-ranging study covers the prevalent themes and events of those centuries: the Hellenization of an immense swath of the known world—from Egypt to India-by Alexander's conquests; the lengthy and chaotic partition of this empire by rival Macedonian marshals after Alexander's death; the decline of the polis (city state) as the predominant political institution; and, finally, Rome's moment of transition from republican to imperial rule. Predictably, this is a story of war and power-politics, and of the developing fortunes of art, science, and statecraft in the areas where Alexander's coming disseminated Hellenic culture. It is a rich narrative tapestry of warlords, libertines, philosophers, courtesans and courtiers, dramatists, historians, scientists, merchants, mercenaries, and provocateurs of every stripe, spun by an accomplished classicist with an uncanny knack for infusing life into the distant past, and applying fresh insights that make ancient history seem alarmingly relevant to our own times. To consider the three centuries prior to the

dawn of the common era in a single short volume demands a scholar with a great command of both subject and narrative line. The Hellenistic Age is that rare book that manages to coalesce a broad spectrum of events, persons, and themes into one brief, indispensable, and amazingly accessible survey.

The Fires of Jubilee Princeton Review

This biography follows the brilliant life of Alexander the Great, who established in Eurasia the largest empire ever seen and left a world legacy. The titles in the Library of World Biography series make ideal supplements for World History and Western Civilization survey courses as well as other courses in the history curriculum where figures in history are explored. Paperback, brief and inexpensive, each interpretative biography in this series focuses on a figure whose actions and ideas significantly influenced the course of World history. At the same time, each biography relates the life of its subject to the broader themes and developments of the times. This biography traces the life and legacy of Alexander the Great from its beginnings through his successful conquests to his legacy. The story of Alexander provides students a glimpse of the inner workings of society, politics, family, and life in ancient times as well as presenting a fascinating story Alexander himself, his conquests, the resulting interchange of culture between East and West, and the continuing fascination and world legacy which follows Alexander to this day, presenting some unique aspects for the study of World History.

Sunjata: A New Prose Version BoD - Books on Demand

By the time Alexander the Great was twenty-six, he had conquered the world's mightiest empire, Persia. He was the envy of every man. But Alexander had a higher aspiration-to be the envy of the gods. And so, Alexander embarked on a long campaign of conquest across Asia. He marched his army through the mountains of Afghanistan to the Indian subcontinent. But as he pushed forward in his wild pursuit of glory and immortality, he grew increasingly unpredictable, sporadically violent, and megalomaniacal. In the end, only seven years after he had conquered Persia, Alexander the Great was defeated not by any external enemy but by himself, unable to control his passions.Writer and intrepid explorer John Prevas informs his "absorbing" (Raleigh News & Observer) narrative through a personal retracing of much of Alexander's route through what is now Iran, Afghanistan, and Pakistan. The author's research and travels bring brilliantly to life this riveting story of Alexander's decline and fall-in the land where he sought his greatest glory.

Heavenly Khan Routledge

Mystery surrounds the parentage of Alexander, the prince born to Queen Olympias. Is his father Philip, King of Macedonia, or Nectanebo, the mysterious sorcerer who seduced the queen by trickery? One thing is certain: the boy is destined to conquer the known world. He grows up to fulfil this prophecy, building a mighty empire that spans from Greece and Italy to Africa and Asia. Begun soon after the real Alexander's death and expanded in the centuries that followed, The Greek Alexander Myth depicts the life and adventures of one of history's greatest heroes - taming the horse Bucephalus, meeting the Amazons and his quest to defeat the King of Persia. Including such elements of fantasy as Alexander's ascent to heaven borne by eagles, this literary masterpiece brilliantly evokes a lost age of heroism.

Equip your students to excel on the AP® United States History Exam, as updated for 2016 Features "flexibility designed to use in a one-semester or one-year course "divided into nine chronological periods mirroring the structure of the new AP® U.S. College Board Curriculum Framework, the text reflects the Board's effort to focus on trends rather than isolated facts "each period features a one-page overview summarizing the major developments of the period and lists the three featured Key Concepts from the College Board Curriculum Framework "each Think As a Historian feature focuses on one of the nine historical thinking skills that the AP® exam will test "each chapter narrative concludes with Historical Perspectives, a feature that addresses the College Board emphasis on how historians have interpreted the events of the chapter in various ways "the chapter conclusion features a list of key terms, people, and events organized by theme, reflecting the College Board's focus on asking students to identify themes, not just events "chapter assessments include eight multiple-choice items, each tied to a source as on the new AP® exam, as well as four short-answer questions "period reviews include both long-essay questions and Document-Based Questions in the format of those on the AP® exam, as updated for 2016

AP Us Hist 2016 Da Capo Press

Following Thomas Jefferson from the drafting of the Declaration of Independence to his retirement in Monticello, Joseph J. Ellis unravels the contradictions of the Jeffersonian character. He gives us the slaveholding libertarian who was capable of decrying mescegenation while maintaining an intimate relationship with his slave, Sally Hemmings; the enemy of government power who exercisdd it audaciously as president; the visionarty who remained curiously blind to the inconsistencies in his nature. American Sphinx is a marvel of scholarship, a delight to read, and an essential gloss on the Jeffersonian legacy.

American Sphinx Univ of California Press

Alexander the Great conquered territories on a superhuman scale and established an empire that stretched from Greece to India. He spread Greek

culture and education throughout his empire, and was worshipped as a living god by many of his subjects. But how great is a leader responsible for the deaths on tens of thousands of people? A ruler who prefers constant warring to administering the peace? A man who believed he was a god, who murdered his friends, and recklessly put his soldiers lives at risk? Ian Worthington delves into Alexander's successes and failures, his paranoia, the murders he engineered, his megalomania, and his constant drinking. It presents a king corrupted by power and who, for his own personal ends, sacrificed the empire his father had fought to establish.

Alexander the Great Cambridge University Press

"As a commander of men of many races, Alexander was and is incomparable. As a statesman he envisaged, and to some extent created, an ecumenical kingdom which rose above race and nation and which enjoyed peace and prosperity, extending from his birthplace in Macedonia to the borders of Kashmir. His intellect and charismatic personality so fascinated those he conquered that they served in his army and administration and adopted him as the hero of their quasi-mythical romances. We have much to learn today from this genius of a man who died having achieved so much at the age of thirty-two."--BOOK JACKET.

On the constitutionality of a national bank Addison-Wesley Longman

Reading Like a Historian Ams PressInc

Out of a lifetime of study of the ancient Near East, Professor Olmstead has gathered previously unknown material into the story of the life, times, and thought of the Persians, told for the first time from the Persian rather than the traditional Greek point of view. "The fullest and most reliable presentation of the history of the Persian Empire in existence."—M. Rostovtzeff

History of the Persian Empire Martino Fine Books

2011 Reprint of the 1920 Edition. Illustrated by Cosgrove. Full facsimile of the original edition, not reproduced with Optical Recognition Software. This is the actual log of Christopher Columbus as copied out by his companion, Bartholomew Las Casas. Besides being authentic source material about the voyage and the core of the Columbus legend, this journal has all the day-by-day enchantment of a long sea voyage with all the drama of a small ship steering into the unknown—the first pelican, a crab in the seaweed, a branch of roseberries and a carved log found floating in the water, mutterings of mutiny and the constant watch for signs of land. John Cosgrove, the illustrator, adds to the book on every page with pictures of whales and riggings, compasses and charts, which are both decorative and accurate pictorial footnotes to the log.

Document-based Assessment Activities for U.S. History Classes Sagwan Press

An Italian historian's prize-winning biography of the sixth-century Byzantine empress. Theodora of Byzantium rose from humble beginnings to become one of the most powerful women of the ancient world. As the wife of Emperor Justinian, she was more than a mere figurehead, acting as Justinian's partner in both politics and life. Though she was ruthlessly criticized by her contemporaries, historian and biographer Paolo Cesaretti shows her to be an ambitious woman and brilliant ruler whose cunning saved the empire time and again. She defied the conventions of her time and triumphed over those who sought to defame and destroy her. This meticulously researched and richly detailed biography won Italy's prestigious Ginzano Cavour Prize.

The Genius of Alexander the Great University of Chicago Press

"On the constitutionality of a national bank" by Alexander Hamilton. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Everyday Life in Early America Harper Collins

This historical fiction is based on the true story of Li Shimin (also known as Tang Taizong), the greatest sovereign in Chinese history. About 30 years younger than Muhammad, he grew up in a world of devastating upheaval that tore China asunder and was thrust into the role of a military commander in his father's rebel army while still a teenager. In the process of vanquishing his enemies on the battlefield, he proved himself to be a great military genius. As emperor he encouraged critical suggestions by his court officials, which he often adopted, and lent support to the religions of his day, notably, Buddhism, Daoism, and Christianity. The international prestige he had won for Tang China was so high that the states of Central and North Asia honored him with the title of "Heavenly Khan." Although his father founded the dynasty, it was his reign that laid the groundwork for a brilliant empire that was to endure for centuries.

Cracking the AP World History Exam 2017, Premium Edition Walch Publishing

"After existing orally for hundreds of years, Sunjata was written down in the 20th century. David Conrad, who recorded a new version of the epic, has now crafted a prose translation that preserves the oral flavor of live performance. The result is a captivating work of literature that will finally give the story of Sunjata its well-deserved place among the great epics of world literature." —Martin Puchner, Byron and Anita Wien Professor of Drama and of English and Comparative Literature, Harvard University
