For the last 25 years, Sunday nights at 8pm on C-SPAN has been appointment television for many Americans. During that time, host Brian Lamb has invited people to his Capitol Hill studio for hour-long conversations about contemporary society and history. In today's soundbite culture that hour remains one of television's last vestiges of in-depth, civil conversation. First came C-SPAN's Booknotes in 1989, which by the time it ended in December 2004, was the longest-running author-interview program in American broadcast history. Many of the most notable nonfiction authors of its era were featured over the course of 800 episodes, and the conversations became a defining hour for the network and for nonfiction writers. In January 2005, C-SPAN embarked on a new chapter with the launch of Q and A. Again one hour of uninterrupted conversation but the focus was expanded to include documentary film makers, entrepreneurs, social workers, political leaders and just about anyone with a story to tell. To mark this anniversary Lamb and his team at C-SPAN have assembled Sundays at Eight, a collection of the best unpublished interviews and stories from the last 25 years. Featured in this collection are historians like David McCullough, Ron Chernow and Robert Caro, reporters including April Witt, John Burns and Michael Weisskopf, and numerous others, including Christopher Hitchens, Brit Hume and Kenneth Feinberg. In a March 2001 Booknotes interview 60 Minutes creator Don Hewitt described the show's success this way: “All you have to do is tell me a story.” This collection attests to the success of that principle, which has guided Lamb for decades. And his guests have not disappointed, from the dramatic escape of a lifelong resident of a North Korean prison camp, to the heavy price paid by one successful West Virginia businessman when he won \$314 million in the lottery, or the heroic stories of recovery from the most horrific injuries in modern-day warfare. Told in the series' signature conversational manner, these stories come to life again on the page. Sundays at Eight is not merely a token for fans of C-SPAN's interview programs, but a collection of significant stories that have helped us understand the world for a quarter-century.

From Calabria to Connecticut: a sweeping family saga about sisterhood, secrets, Italian immigration, the American dream, and one woman's tenacious fight against her own fate For Stella Fortuna, death has always been a part of life. Stella's childhood is full of strange, life-threatening incidents—moments where ordinary situations like cooking eggplant or feeding the pigs inexplicably take lethal turns. Even Stella's own mother is convinced that her daughter is cursed or haunted. In her rugged Italian village, Stella is considered an oddity—beautiful and smart, insolent and cold. Stella uses her peculiar toughness to protect her slower, plainer baby sister Tina from life's harshest realities. But she also provokes the ire of her father Antonio: a man who demands subservience from women and whose greatest gift to his family is his absence. When the Fortunas emigrate to America on the cusp of World War II, Stella and Tina must come of age side-by-side in a hostile new world with strict expectations for each of them. Soon Stella learns that her survival is worthless without the one thing her family will deny her at any cost: her independence. In present-day Connecticut, one family member tells this heartrending story, determined to understand the persisting rift between the now-elderly Stella and Tina. A richly told debut, *The Seven or Eight Deaths of Stella Fortuna* is a tale of family transgressions as ancient and twisted as the olive branch that could heal them. “Witty and deeply felt.” —*Entertainment Weekly* (New and Notable) “The Seven or Eight Deaths of Stella Fortuna achieves what no sweeping history lesson about American immigrants could: It brings to life a woman that time and history would have ignored.” —*Washington Post* *Eight Lives* Broadleaf Books

"A man's relationship with his father: every boy, every man lucky enough to have a father in his life

has to figure that out. My own father? I thought I knew him- even though he seldom talked about himself. And what I knew I hated - really, really hated. Cold, ill-tempered, thin-skinned, my father always seemed on the brink of erupting. Scared to death of him, I kept telling myself to find the courage to 'stand up to him.' When I was fifteen, I did. We did not speak to each other for ten years. And then we did- for eight hours. 'Dear Father, Dear Son' takes a journey of American history through the eyes of a father- from his dirt-poor Jim Crow Southern childhood, to the segregated Marine Corps of World War II, to a janitor turned California business man. Hard memories. One man discovered a son he never really knew. And the son found a man, a friend, a father who had really been there all along."--p.[4] of dust jacket.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

From the author of the bestselling *The Reason I Jump*, an extraordinary self-portrait of a young adult with autism “Essential reading for parents and teachers of those with autism who remain nonverbal.”—*Temple Grandin* Naoki Higashida was only thirteen when he wrote *The Reason I Jump*, a revelatory account of autism from the inside by a nonverbal Japanese child, which became an international success. Now, in *Fall Down 7 Times Get Up 8*, he shares his thoughts and experiences as a young man living each day with severe autism. In short, powerful chapters, Higashida explores school memories, family relationships, the exhilaration of travel, and the difficulties of speech. He also allows readers to experience profound moments we take for granted, like the thought-steps necessary for him to register that it's raining outside. Acutely aware of how strange his behavior can appear to others, he aims throughout to foster a better understanding of autism and to encourage society to see people with disabilities as people, not as problems. With an introduction by the bestselling novelist David Mitchell, *Fall Down 7 Times Get Up 8* also includes a dreamlike short story Higashida wrote especially for the U.S. edition. Both moving and of practical use, this book opens a window into the mind of an inspiring young man who meets every challenge with tenacity and good humor. However often he falls down, he always gets back up. Praise for *Fall Down 7 Times Get Up 8* “[Naoki Higashida's] success as a writer now transcends his diagnosis. . . . His relative isolation—with words as his primary connection to the outside world—has allowed him to fully develop the powers of observation that are necessary for good writing, and he has developed rich, deep perspectives on ideas that many take for granted. . . . The diversity of Higashida's writing, in both subject and style, fits together like a jigsaw puzzle of life put in place with humor and thoughtfulness.”—*The Japan Times* “Profound insights about what the struggle of living with autism is really like . . . Once again, the invitation to step inside Higashida's mind is irresistible.”—*London Evening Standard* “Naoki Higashida's lyrical and heartfelt account of his condition is a gift to anyone involved with the same challenges. . . . Higashida shows a delicate regard for the difficulties his condition creates . . . and is adept at explaining his experiences in language that makes sense to neurotypicals.”—*The Guardian*

All the Ugly and Wonderful Things Affirm Press

In the tradition of Michael Herr's *Dispatches* and works by such masters of the memoir as Mary Karr and Tobias Wolff, a powerful account of war and homecoming. Brian Castner served three tours of duty in the Middle East, two of them as the commander of an Explosive Ordnance Disposal unit in Iraq. Days and nights he and his team—his brothers—would venture forth in heavily armed convoys from their Forward Operating Base to engage in the nerve-racking yet strangely exhilarating work of either disarming the deadly improvised explosive devices that had been discovered, or picking up the pieces when the alert came too late. They relied on an army of remote-controlled cameras and robots, but if that technology failed, a technician would have to don the eighty-pound Kevlar suit, take the Long Walk up to the bomb, and disarm it by hand. This lethal game of cat and mouse was, and continues to be, the real war within America's wars in Iraq and Afghanistan. But *The Long Walk* is not just about battle itself. It is also an unflinching portrayal of the toll war exacts on the men and women who are fighting it. When Castner returned home to his wife and family, he began a struggle with a no less insidious foe, an unshakable feeling of fear and confusion and survivor's guilt that he terms *The Crazy*. His thrilling, heartbreaking, stunningly honest book immerses the reader in two harrowing and simultaneous realities: the terror and excitement and camaraderie of combat, and the lonely battle against the enemy within—the haunting memories that will not fade, the survival instincts that will not switch off. After enduring what he has endured, can there ever again be such a thing as "normal"? *The Long Walk* will hook you from the very first sentence, and it will stay with you long after its final gripping page has been turned.

This compelling "important and timely" (Drew Faust, *Harvard Magazine*) #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be. Fall Down Seven Times, Stand Up Eight Delta

Eight Down reviews eight maritime casualties over forty-two years beginning with the loss of the Edmund Fitzgerald on Lake Superior in 1975 to the *Stellar Daisy* in 2017. As a former seafarer and member of the maritime profession for the past fifty years, all of the "Eight" have taken place during my watch. I have found resonance with my own experiences, that has sparked my curiosity. I explore the connective threads that will illustrate how these events are the consequence of what Professor James Reason has called the "Swiss Cheese Model." I know from my own experience that there were many instances when I might have been but one step away from being a maritime casualty -- is it luck? Or is it the awareness or raised consciousness of someone who acts before that last step occurs? I hope to provide insight into the management of change as it relates to safety and the avoidance of traveling through the final hole in a "Swiss Cheese."
