KARLEE KIRSTEN

A Reader Arcturus Publishing

In *The Pity of War*, Niall Ferguson makes a simple and provocative argument: that the human atrocity known as the Great War was entirely England's fault. Britain, according to Ferguson, entered into war based on naïve assumptions of German aims—and England's entry into the war transformed a Continental conflict into a world war, which they then badly mishandled, necessitating American involvement. The war was not inevitable, Ferguson argues, but rather the result of the mistaken decisions of individuals who would later claim to have been in the grip of huge impersonal forces. That the war was wicked, horrific, inhuman, is memorialized in part by the poetry of men like Wilfred Owen and Siegfried Sassoon, but also by cold statistics. More British soldiers were killed in the first day of the Battle of the Somme than Americans in the Vietnam War; indeed, the total British fatalities in that single battle—some 420,000—exceeds the entire American fatalities for both World Wars. And yet, as Ferguson writes, while the war itself was a disastrous folly, the great majority of men who fought it did so with enthusiasm. Ferguson vividly brings back to life this terrifying period, not through dry citation of chronological chapter and verse but through a series of brilliant chapters focusing on key ways in which we now view the First World War. For anyone wanting to understand why wars are fought, why men are willing to fight them, and why the world is as it is today, there is no sharper nor more stimulating guide than Niall Ferguson's *The Pity of War*.

The Mark Twain U.S. History: People and Events 1607–1865 social studies book highlights the decisions and events that have played an important part in shaping America during that time. This middle school history book includes profiles of the people who made those decisions and a timeline of events. U.S. History: People

and Events takes your students on a journey through America's past and challenges them with activities to spark discussion and deepen their understanding for how America came to be. These activities include: -map analysis -discussion questions -graphic organizers -research opportunities Mark Twain Media Publishing Company proudly creates engaging supplemental books and decorations for middle-grade and upper-grade classrooms. Designed by leading educators, Mark Twain products cover a range of subjects, including science, language arts, fine arts, government, social studies, history, character, and conduct.

Sailor and Fiddler New York : W. W. Norton Captivating Discovery Education(TM) video and stimulating global topics spark curiosity and engage teenage learners.

World History Rethinking Schools This edited collection of more than one hundred primary sources from the 1920s, 1930s, and 1940s—including newspaper and magazine articles, popular culture materials, and government records—reveals how Americans debated their responsibility to respond to Nazism. It includes valuable resources for students and historians seeking to shed light on this dark era in world history.

The Marshall Plan Penguin

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in

the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)

Creating America Rowman & Littlefield Chronicles the rise and eventual fall of Nazi Germany during World War II.

WORLD REGIONAL GEOGRAPHY. (PRODUCT ID 23958336). Harper Collins Bang goes another deafening explosion. Though they are young, the birds are used to it and do not flinch. It is 1916. A spindly tree stands in No Man's Land during the First World War amid wooden stumps and razor-sharp wire. Two birds sit in the tree. Hatched into the horrors of war, they try to figure out why the constant danger occurs. Humans live in trenches on either side – but are they friends or enemies? As the war rages on, glimmers of hope and colour appear. Can the birds' plan to sing for peace finally see an end to the years of danger? 'The Birds of Flanders Fields' is a work of fiction set on the front lines of the First World War. historical vignettes, and lesson plans that re-evaluate the legacy of Columbus.

British Prisoners of War in First World War Germany National Academies Press

The second volume in Siegfried Sassoon's beloved trilogy, *The Complete Memoirs of George Sherston*, with a new introduction by celebrated historian Paul Fussell. A highly decorated English soldier and an acclaimed poet and novelist, Siegfried Sassoon won fame for his trilogy of fictionalized autobiographies that wonderfully capture the vanishing idylls of Edwardian England and the brutal realities of war. The second volume of Siegfried Sassoon's semiautobiographical *George Sherston* trilogy picks up shortly after *Memoirs of a Fox-hunting Man*: in 1916, with the young Sherston deep in the trenches of WWI. For his decorated bravery, and also his harmful recklessness, he is soon sent to the Fourth Army School for officer training, then dispatched to Morlancourt, a raid, and on through the Somme. After being wounded by a bullet through the lung, he returns home to convalesce, where his questioning of the war and the British Military establishment leads him to write a public anti-war letter (verbatim the letter Sassoon wrote in 1917, entitled "Finished with the War: A Soldier's Declaration", which was eventually read in the British House of Commons). Through the help of close friend David Cromlech (based on Sassoon's friend Robert Graves) a medical board decides not to prosecute, but instead deem him to be mentally ill, suffering from shell-shock, and sends him to a hospital for treatment. Sassoon's stunning portrayal of a mind coming to terms with the brutal truths he has encountered in war—as well as his unsentimental, though often poetic, portrayal of class-defined life in England at wartime—is amongst the greatest books ever written about World War I, or war itself. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The American Journey Rosetta Books
Praised as a "master storyteller" (*The Wall Street Journal*) and hailed for his "flawless use of language" (*Boston Herald*), Irish author and playwright Sebastian Barry has

created a powerful new novel about divided loyalties and the realities of war. Sebastian Barry's latest novel, *Days Without End*, is now available. In 1914, Willie Dunne, barely eighteen years old, leaves behind Dublin, his family, and the girl he plans to marry in order to enlist in the Allied forces and face the Germans on the Western Front. Once there, he encounters a horror of violence and gore he could not have imagined and sustains his spirit with only the words on the pages from home and the camaraderie of the mud-covered Irish boys who fight and die by his side. Dimly aware of the political tensions that have grown in Ireland in his absence, Willie returns on leave to find a world split and ravaged by forces closer to home. Despite the comfort he finds with his family, he knows he must rejoin his regiment and fight until the end. With grace and power, Sebastian Barry vividly renders Willie's personal struggle as well as the overwhelming consequences of war.

The Next 500 Years McGraw-Hill/Glencoe
The outbreak of the First World War was 'a drama never surpassed'. One hundred years later, the characters still seem larger than life: Archduke Franz Ferdinand, brooding heir to the Habsburg throne; the fanatical Bosnian Serb assassins who plot to murder him; Conrad and Berchtold, the Austrians who exploit the outrage; Kaiser Wilhelm and Bethmann Hollweg, backing up the Austrians; Sazonov, Russian Foreign Minister, trying to live down a reputation for cowardice; Poincaré and Paléologue, two French statesmen who urge on the Russians; and not least Winston Churchill, who, alone among Cabinet officials in London, perceives the seriousness of the situation in time to take action. July 1914 tells the story of Europe's countdown to war through the eyes of these men, between the bloody opening act on 28 June 1914 and Britain's final plunge on 4 August, which turned a European conflict into a world war. The outbreak of war was no accident of fate. Individual statesmen, pursuing real objectives, conjured up the conflict – in some cases by conscious intention. While some sought honourably to defuse tensions, others all but oozed with malice as they rigged the decks for war. Dramatic, inevitably tense and almost forensically observed, Sean McMeekin's unique book retells the story of that cataclysmic month, making clear as never before who was responsible for the catastrophe. You will never think the same way again about the origins of the First World War.

Why We Always Fight the Last Battle

McDougal Littell/Houghton Mifflin
The horrors of the First World War released a great outburst of emotional poetry from the soldiers who fought in it as well as many other giants of world literature. Wilfred Owen, Rupert Brooke and W B Yeats are just some of the poets whose work is featured in this anthology. The raw emotion unleashed in these poems still has the power to move readers today. As well as poems detailing the miseries of war there are poems on themes of bravery, friendship and loyalty, and this collection shows how even in the depths of despair the human spirit can still triumph.

Generals Die in Bed Creating America
History of the United States : Beginnings Through World War I
Combines motivating stories with research-based instruction that helps students improve their reading and social studies skills as they discover the past. Every lesson of the textbook is keyed to California content standards and analysis skills.
World War I Poetry

In an unprecedented literary accomplishment, Herman Wouk, one of America's most beloved and enduring authors, reflects on his life and times from the remarkable vantage point of 100 years old. Many years ago, the great British philosopher Sir Isaiah Berlin urged Herman Wouk to write his autobiography. Wouk responded, "Why me? I'm nobody." Berlin answered, "No, no. You've traveled. You've known many people. You have interesting ideas. It would do a lot of good." Now, in the same year he has celebrated his hundredth birthday, Herman Wouk finally reflects on the life experiences that inspired his most beloved novels. Among those experiences are his days writing for comedian Fred Allen's radio show, one of the most popular shows in the history of the medium; enlisting in the US Navy during World War II; falling in love with Betty Sarah Brown, the woman who would become his wife (and literary agent) for sixty-six years; writing his Pulitzer Prize-winning novel, *The Caine Mutiny*; as well as a big hit Broadway play *The Caine Mutiny Court Martial*; and the surprising inspirations and people behind such masterpieces as *The Winds of War*, *War and Remembrance*, *Marjorie Morningstar*, and *Youngblood Hawke*. Written with the wisdom of a man who has lived through two centuries and the wit of someone who began his career as professional comedy writer, the first part of Wouk's memoir ("Sailor") refers to his Navy experience and writing career, the second ("Fiddler") to what he's learned from living a life of faith. Ultimately, *Sailor and Fiddler* is an unprecedented reflection

from a vantage point few people have lived to experience.

World History McGraw-Hill

Winner of the 2018 American Academy of Diplomacy Douglas Dillon Award

Shortlisted for the 2018 Duff Cooper Prize in Literary Nonfiction

"[A] brilliant book...by far the best study yet" (Paul Kennedy, *The Wall Street Journal*) of the gripping history behind the Marshall Plan and its long-lasting influence on our world.

In the wake of World War II, with Britain's empire collapsing and Stalin's on the rise, US officials under new Secretary of State George C. Marshall set out to reconstruct western Europe as a bulwark against communist authoritarianism. Their massive, costly, and ambitious undertaking would confront Europeans and Americans alike with a vision at odds with their history and self-conceptions. In the process, they would drive the creation of NATO, the European Union, and a Western identity that continue to shape world events. Benn Steil's "thoroughly researched and well-written account" (*USA TODAY*) tells the story behind the birth of the Cold War, told with verve, insight, and resonance for today. Focusing on the critical years 1947 to 1949, Benn Steil's gripping narrative takes us through the seminal episodes marking the collapse of postwar US-Soviet relations—the Prague coup, the Berlin blockade, and the division of Germany. In each case, Stalin's determination to crush the Marshall Plan and undermine American power in Europe is vividly portrayed. Bringing to bear fascinating new material from American, Russian, German, and other European archives, Steil's account will forever change how we see the Marshall Plan. "Trenchant and timely...an ambitious,

deeply researched narrative that...provides a fresh perspective on the coming Cold War" (*The New York Times Book Review*), *The Marshall Plan* is a polished and masterly work of historical narrative. An instant classic of Cold War literature, it "is a gripping, complex, and critically important story that is told with clarity and precision" (*The Christian Science Monitor*).

The Campaign Against American Neutrality, 1914-1917 Penguin

"A valuable primer on foreign policy: a primer that concerned citizens of all political persuasions—not to mention the president and his advisers—could benefit from reading." —*The New York Times* An examination of a world increasingly defined by disorder and a United States unable to shape the world in its image, from the president of the Council on Foreign Relations Things fall apart; the center cannot hold. The rules, policies, and institutions that have guided the world since World War II have largely run their course. Respect for sovereignty alone cannot uphold order in an age defined by global challenges from terrorism and the spread of nuclear weapons to climate change and cyberspace. Meanwhile, great power rivalry is returning. Weak states pose problems just as confounding as strong ones. The United States remains the world's strongest country, but American foreign policy has at times made matters worse, both by what the U.S. has done and by what it has failed to do. The Middle East is in chaos, Asia is threatened by China's rise and a reckless North Korea, and Europe, for decades the world's most stable region, is now anything but. As Richard Haass explains, the election of Donald Trump and the unexpected vote

for "Brexit" signals that many in modern democracies reject important aspects of globalization, including borders open to trade and immigrants. In *A World in Disarray*, Haass argues for an updated global operating system—call it world order 2.0—that reflects the reality that power is widely distributed and that borders count for less. One critical element of this adjustment will be adopting a new approach to sovereignty, one that embraces its obligations and responsibilities as well as its rights and protections. Haass also details how the U.S. should act towards China and Russia, as well as in Asia, Europe, and the Middle East. He suggests, too, what the country should do to address its dysfunctional politics, mounting debt, and the lack of agreement on the nature of its relationship with the world. *A World in Disarray* is a wise examination, one rich in history, of the current world, along with how we got here and what needs doing. Haass shows that the world cannot have stability or prosperity without the United States, but that the United States cannot be a force for global stability and prosperity without its politicians and citizens reaching a new understanding.

01/07/1914 00:00:00 Simon and Schuster An original investigation dedicated to the captivity experiences of British military servicemen captured by Germany in the First World War.

Berlin Diary John Wiley & Sons

Argues that the failure of the United States to create successful peace settlements when ending the major wars of the twentieth century has only led to subsequent conflicts and new wars which attempt to resolve the issues of the previous war.
